Some pictures for explaining the diagram

of my "red rose" (= Blütenkreisel)

<<< (21) in the diagram
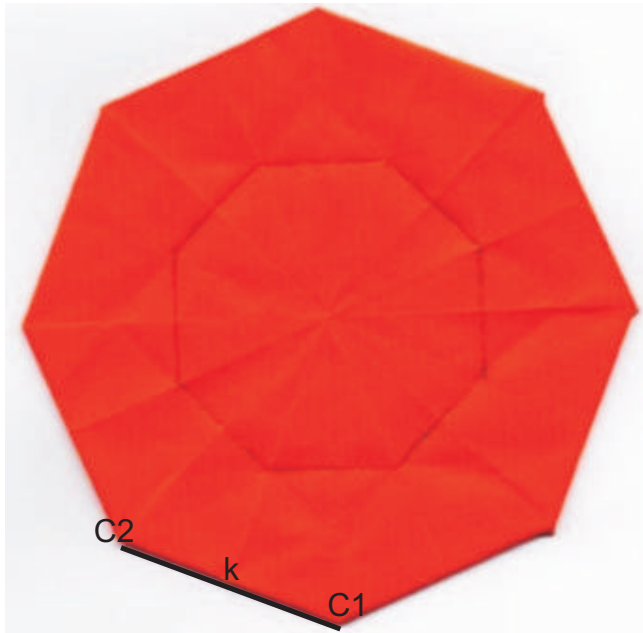

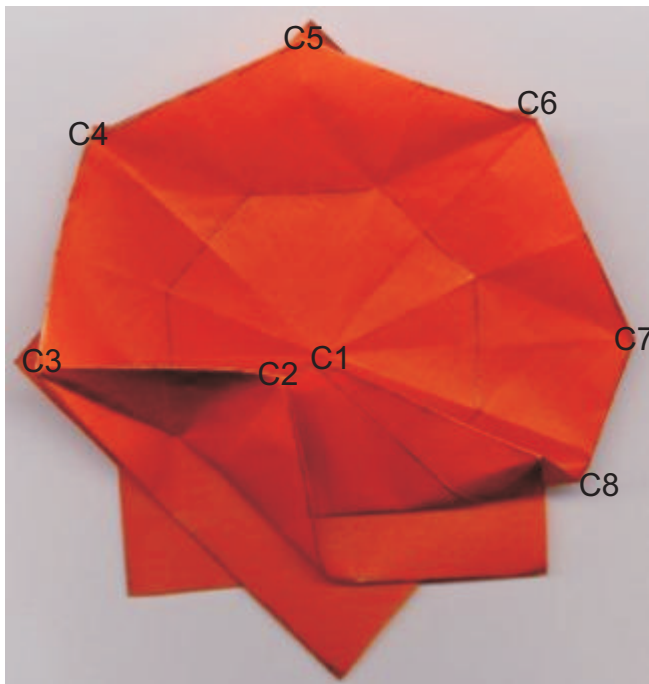

<<< (24) in the diagram

Please fold in (22) -(23)
only the upper layer!
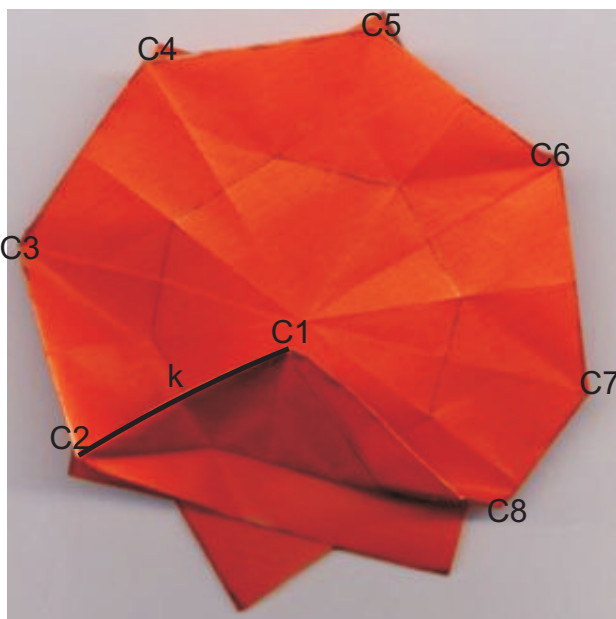

<<< (25) in the diagram

Fold corner C1 to the center,

fold only the upper layer.

The edge k is lifting up.

Continue with corners C2 - C8,

At the end, all corners are in the middle,

make sure, that at the last corner C8

the paper is pushed properly inside to the left.

<<< (28) in the diagram

<<< (29) in the diagram

Fold the coloured flap backwards,

between the upper and the lower layer.

<<< the result of step (29)

<<< repeat step (29)on the other flaps.
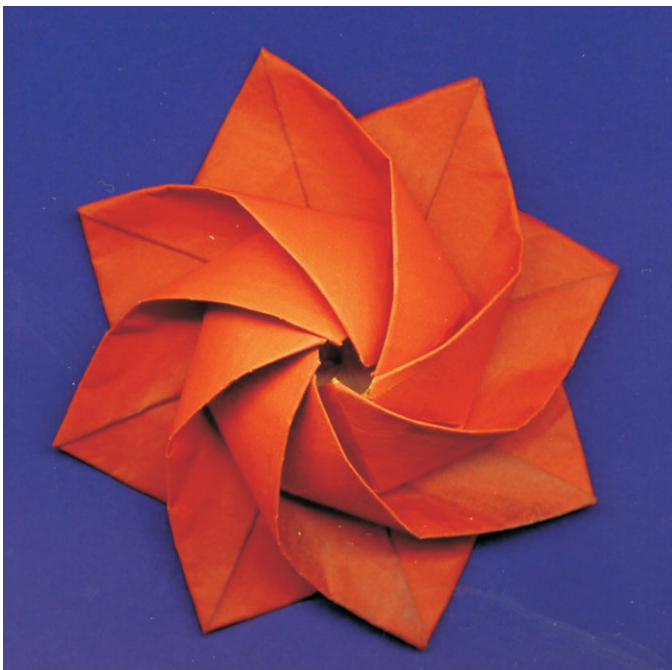

<<< (30) in the diagram

<<< (31) in the diagram

<<< (35) in the diagram

It's the same folding procedure
as in step (25).

Shape the petals carefully,

 then you will get a nice flower.
